**The University of Wisconsin-Madison**  
**Drug-Free School and Campuses Regulations (EDGAR Part 86)**  
**Alcohol and other Drug Prevention Certification**

The undersigned certifies that it has adopted and implemented an alcohol and other drug prevention program for its students and employees that, at a minimum, includes:

1. The annual distribution to each employee, and to each student who is taking one or more classes of any kind of academic credit except for continuing education units, regardless of the length of the student's program of study, of:
  - Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities.
  - A description of the applicable legal sanctions under local, State, or Federal law for the unlawful possession or distribution of illicit drugs and alcohol.
  - A description of the health risks associated with the use of illicit drugs and the abuse of alcohol.
  - A description of any drug or alcohol counseling, treatment or rehabilitation, or re-entry programs that are available to employees or students.
  - A clear statement that the institution will impose disciplinary sanctions on students and employees (consistent with State and Federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for the violations of the standards of conduct. A disciplinary sanction may include the completion of an appropriate rehabilitation program.
2. A biennial review by the institution of its alcohol and other drug prevention program to:
  - Determine its effectiveness and implement changes to its comprehensive alcohol and drug prevention program and policies if they are needed.
  - Ensure its disciplinary sanctions are consistently enforced.

University of Wisconsin, Madison

## INTRODUCTION

The Drug-Free Schools and Communities Act (DFSCA) and Part 86 of the Department of Education's General Administrative Regulations (EDGAR Part 86) requires UW–Madison to certify that it developed and implemented a Drug and Alcohol Abuse Prevention Program (DAAPP) designed to prevent the unlawful possession, use, and distribution of drugs and alcohol on campus and at campus events. UW–Madison is required to distribute written information about its program as well as conduct a biennial review to measure its effectiveness and ensure a consistent enforcement of its disciplinary sanctions.

### About the Biennial Review

Alcohol and other drug misuse has serious effects on campus safety, community wellbeing, and the academic performance of our students. Conducting a biennial review provides an opportunity for UW–Madison to not only document its prevention efforts, but to also closely examine their scope and effectiveness. Through this process, UW–Madison can continually identify gaps in evidence-based practices and develop recommendations for future improvements. This is the spirit in which UW–Madison undertakes its 2022–2024 biennial review.

This biennial review covers the period of July 1, 2022, through June 30, 2024. The review has been prepared by UW–Madison University Health Services in conjunction with UW–Madison campus partners. Offices participating include:

- Employee Assistance Office
- Housing and Residence Life
- Wisconsin Union
- Office of Student Conduct and Community Standards
- UW–Madison Police Department
- UW–Madison Office of Human Resources
- Environmental Health and Safety

## Biennial Review Annual Notification Process

*In compliance with the Drug-Free Schools and Communities Act*

The most recent biennial review report for UW–Madison is available on the central campus drug and alcohol information website titled [Alcohol Information for Students](#)

This website is accessible to the general public. A printed copy of the report may be requested through University Health Services via email at [uhs@uhs.wisc.edu](mailto:uhs@uhs.wisc.edu).

All new employees receive this information in their letter of employment upon hire, and this information is communicated several times a year through a variety of outlets. Below are a number of online newsletters that were sent to students, faculty, and staff throughout the most recent biennium.

## ABOUT THE ALCOHOL AND OTHER DRUG PREVENTION PROGRAM

UW–Madison alcohol and other drug prevention efforts are coordinated by University Health Services (UHS) as part of Prevention and Campus Health Initiatives. Alcohol and Other Drugs (AOD) Prevention is led by Jenny Damask, EdD, Assistant Director for High-Risk Drinking Prevention.

Prevention efforts at UW–Madison, including AOD Prevention, focus on building the capacity of the campus community to create a culture of health and wellbeing by influencing campus systems, structures, policies, and environments.

### Approach to Alcohol and Other Drug Prevention

UHS AOD Prevention efforts take an intersectional approach, understanding that the harms of high-risk drinking accrue to the campus community, not just the individual drinker, in the form of sexual violence, hostile and intimidating campus climate, and increased risk of suicide.

The UHS AOD Prevention team focuses their efforts on **reducing individual and community harms** related to high-risk alcohol use through interventions along a spectrum that work to shift both **behaviors and cultures**.

Area of Focus	Key Activities
<b>Environmental Management</b> <i>Making the campus environment less conducive to high-risk drinking and drug misuse</i>	<ul style="list-style-type: none"><li>• Coalition work with campus partners</li><li>• City of Madison Alcohol License Review Committee (ALRC)</li><li>• Partnerships with local law enforcement, and neighborhoods (MPD, UWPD)</li><li>• Alcohol Permit System</li></ul>
<b>Policy and Enforcement</b> <i>Setting norms for desired behaviors and addressing undesirable behavior</i>	<ul style="list-style-type: none"><li>• Consistent enforcement of university alcohol policies</li><li>• Clear registered student organization (RSO) policies, enforcement, and consequences</li></ul>
<b>Prevention Education</b> <i>Build the knowledge, skills and attitudes of students to support healthy decision making</i>	<ul style="list-style-type: none"><li>• Online education required for all incoming undergraduate students (AlcoholEdu)</li><li>• Parent Handbook</li><li>• Educational and social norms campaigns</li></ul>

<p><b>Early Intervention</b>  <i>Reduce immediate impact of harm that has already occurred</i></p>	<ul style="list-style-type: none"> <li>• Educational sanctions</li> <li>• Parental notification for detox transport</li> <li>• UHS Medical SBIRT model</li> </ul>
<p><b>Recovery Support</b>  <i>Support healing and build community among students who do not participate in high-risk drinking culture</i></p>	<ul style="list-style-type: none"> <li>• Badger Recovery Program</li> <li>• Trained recovery coaches</li> <li>• Peer support meetings</li> <li>• Social events and workshops</li> </ul>

A detailed overview of activities in these areas is provided in the [Program and Intervention Inventory](#) included in this report.

# PROGRAM AND INTERVENTION INVENTORY

## Environmental Management

- **Purpose:** Making the campus environment less conducive to high-risk drinking and drug misuse

<b>On-Campus Naloxone Boxes</b>	
<p><b>Administered by:</b> UHS Prevention and Wisconsin Voices for Recovery</p> <p>UW–Madison provides free access to naloxone boxes on campus. The boxes include NARCAN®, a brand of naloxone nasal spray. This lifesaving medicine can rapidly reverse an opioid overdose. During fiscal year `23 we had 12 boxes installed in residence halls. In fiscal year `24 we added an additional 13 boxes.</p> <p><a href="#">Read more about naloxone on campus.</a></p> <p><b>Future Opportunities:</b></p> <ul style="list-style-type: none"> <li>• Continued reinforcement communications and education</li> <li>• Promotion of preventive carrying of NARCAN® for at-risk individuals</li> <li>• Additional targeted efforts for at-risk individuals</li> <li>• Make fentanyl test strips available on campus</li> </ul>	
<b>Audience</b>	<b>Utilization</b>
<p><i>All students, faculty, staff, and visitors to campus</i></p>	<p><b>NARCAN® Kits Taken from Naloxone Boxes:</b></p> <ul style="list-style-type: none"> <li>• 2022–2023 Academic Year               <ul style="list-style-type: none"> <li>○ 16</li> </ul> </li> <li>• 2023–2024 Academic Year               <ul style="list-style-type: none"> <li>○ 54</li> </ul> </li> </ul> <p><b>Views of NARCAN® on Campus Map:</b></p> <ul style="list-style-type: none"> <li>• Sept 23, 2023–June 30, 2024               <ul style="list-style-type: none"> <li>○ 29,357</li> </ul> </li> </ul> <p><a href="#">Read a full report on NARCAN® and Harm Reduction Efforts on campus.</a></p>

**Clinical NARCAN® Pilot**

**Administered by:** *UHS Prevention and Mental Health*

Naloxone and harm reduction resources provided to students in a non-stigmatizing way by providing take-home kits in the clinic waiting rooms. This complements the NARCAN® boxes where naloxone is available at various sites around campus. It is provided by other community partnerships.

In partnership with Communications, materials describing the pilot and information for medical staff to share about the program were developed and distributed. Signs describing this pilot were displayed in the waiting rooms.

**Future Opportunities:**

- Continued support for naloxone saturation/distribution to areas of high need for students who often may be naive to opioid use and are thus at high risk of overdose, especially when use is coupled with alcohol.
- Train staff to identify students who may be at risk of overdose and provide take-home naloxone and resources for connection to other services provided at UHS, UW–Madison and in the community.
- Explore medication lock boxes.

Audience	Utilization
<i>Students</i>	All 12 kits were taken by students within 2 weeks of starting the pilot.

**Truth Initiative Grant and Smoke-Free Policy**

**Administered by:** *UHS Prevention*

UHS was awarded a Truth Initiative grant to support the adoption and implementation of an updated tobacco/vape-free campus policy by June 30, 2025.

**Future Opportunities:**

- Hold campus-wide events educating about the current policy and aiming to collect data that support the adoption and implementation of an updated tobacco/vape-free campus policy.
- Strategically support the adoption and implementation of an updated tobacco/vape-free campus policy.

Audience	Utilization
<i>Students, faculty, staff, and campus visitors</i>	Students and staff attended a convening in Washington DC in April 2024, and activities officially kicked off in September of 2024.

## Wisconsin Late Night Alcohol Alternative Programming

**Administered by:** University Housing – Residence Life

Wisconsin Late Night (WLN) is considered “Alcohol Alternative Programming,” which provides a safe and productive space for students to come together on the weekends. We offer a wide variety of events to suit the needs of all students, including creative, informational, inclusive, and competitive events. WLN holds events for students at UW–Madison every Friday & Saturday night during the academic year from 9 PM–12 AM. These programs are open and available to all students. Programs are free of charge and signups are not required; drop-ins are always welcome.

[Read more about Wisconsin Late Night.](#)

### Future Opportunities:

Wisconsin Late Night hopes to reach even more students in the future. Despite large attendance numbers, especially during Wisconsin Welcome/Move-in Week, we have learned that there are students and campus partners who do not know about WLN as a resource for student programming. Wisconsin Late Night hopes to increase our campus presence and online presence by:

- Increasing social media presence to gain more followers and reach more students/families
- Partnering with Housing Marketing to increase our online presence
- Introducing new, engaging ways to interact with students outside of the physical event setting
- Gathering feedback and recommendations from students regarding types of programs and opportunities that WLN has available to them to collect and provide representative programming and events

Audience	Utilization
<p><i>UW Madison Students, UW Madison On-Campus Residents</i></p>	<p><b>Wisconsin Welcome Events</b></p> <ul style="list-style-type: none"> <li>• <i>2022–2023 Academic Year</i> <ul style="list-style-type: none"> <li>○ 6 events with 5,900 attendees</li> </ul> </li> <li>• <i>2023–2024 Academic Year</i> <ul style="list-style-type: none"> <li>○ 6 events with 7,150 attendees</li> </ul> </li> </ul> <p><b>Wisconsin Late-Night Events</b></p> <ul style="list-style-type: none"> <li>• <i>July 1–December 31, 2022:</i> <ul style="list-style-type: none"> <li>○ 26 events with 2,775 attendees</li> </ul> </li> <li>• <i>January 1–June 30, 2023:</i> <ul style="list-style-type: none"> <li>○ 26 events with 2,204 attendees</li> </ul> </li> <li>• <i>July 1–December 31, 2023:</i> <ul style="list-style-type: none"> <li>○ 26 events with 2,829 attendees</li> </ul> </li> </ul>

- *January 1–June 30, 2024:*
  - 24 events with 1,853 attendees

According to the data from the 2023–2024 Residence Hall survey, respondents said that events are inclusive (92%), accessible (89%), and that they were able to make lasting connections and relationships with peers at events (42%).

## Policy and Enforcement

- **Purpose:** Setting norms for desired behaviors and addressing undesirable behavior

### Campus Policies

Alcohol and other drugs on university lands are regulated by [Wisconsin Administrative Code UWS 18.09](#). Alcohol beverages are prohibited except as permitted by specific institutional regulations promulgated by the Chancellor. Possession of illegal drugs or drug paraphilia is prohibited.

In addition to the framework provided by Ch. 18, UW–Madison has a number of related policies as outlined below. These policies are detailed in full in the [UW–Madison Policy Library](#).

Policy	Administered by	Monitored by	Enforced by
<b>Chapter 17 Student Nonacademic Disciplinary Procedures</b>	UW System	Office of Student Conduct and Community Standards (OSCCS)  University Housing	Office of Student Conduct and Community Standards (OSCCS)  University Housing
<b>Business Meals: Alcohol can only be paid by WFAA</b>	UW-Madison Division of Business Services	UW-Madison Accounting Services	AVC of Business Services and Controller
<b>Registered Student Organization Alcohol Policy</b>	Office of Student Conduct and Community Standards	Student Affairs	Office of Student Conduct and Community Standards (OSCCS)  Center for Leadership & Involvement
<b>Alcohol Beverage Service, Wisconsin Union</b>	Wisconsin Union	Associate Vice Chancellor and Director of Wisconsin Union	Wisconsin Union

<b>UW–Madison Alcohol Beverage Regulations</b>	Office of the Vice Chancellor for Student Affairs	Associate Vice Chancellor for Health and Wellbeing/ Executive Director of UHS	Office of Student Conduct and Community Standards (OSCCS)  Office of Human Resources
<b>Consumption of Alcohol Purchased from Wisconsin Union</b>	Wisconsin Union	Associate Vice Chancellor and Director of Wisconsin Union	Wisconsin Union
<b>Amnesty Through Responsible Action</b>	Office of Student Conduct and Community Standards	Assistant Dean and Director of Office of Student Conduct and Community Standards (OSCCS)	UW-Police Department (UWPD)  Office of Student Conduct and Community Standards (OSCCS)
<b>Registered Student Organization Large Event Requirements</b>	Wisconsin Union	Associate Vice Chancellor and Director of Wisconsin Union	Wisconsin Union  Center for Leadership & Involvement
<b>Terrace Rules</b>	Wisconsin Union	Associate Vice Chancellor and Director of Wisconsin Union	Wisconsin Union
<b>Alcohol and Drug Screening Guidelines</b>	Division Of Intercollegiate Athletics	Division of Intercollegiate Athletics	Division Of Intercollegiate Athletics
<b>School of Medicine &amp; Public Health - Drug Screening in Health Professions Programs</b>	School of Medicine and Public Health	Dean, School of Medicine and Public Health	School of Medicine and Public Health

<b>Smoke-Free Policy</b>	University Health Services	Vice Chancellor for Finance and Administration	University Health Services UW-Police Department (UWPD) Office of Student Conduct and Community Standards (OSCCS)
<b>Advertising</b>	Office of Strategic Communication	Vice Chancellor for Strategic Communication	Office of Strategic Communication
<b>Sexual Harassment and Sexual Violence</b>	Office of Compliance	Provost and Vice Chancellor for Academic Affairs	Office of Compliance UW-Police Department (UWPD) Office of Student Conduct and Community Standards (OSCCS)

## Enforcement

Below is an overview of the organizations, departments, and entities responsible for enforcement and jurisdiction related to alcohol and drugs on campus.

<b>Enforcement Entity</b>	<b>Role in Enforcement</b>
<b>Law Enforcement Agencies</b>	<p>The UWPD has jurisdiction over campus properties along with select UW–Madison affiliated medical facilities. The department is comprised of sworn police, security staff, emergency management, infrastructure security, and a 911 center staffed by law enforcement dispatchers. Sworn staff are deputized by the Dane County Sheriff and are authorized to enforce all state of Wisconsin laws and Rules of the Board of Regents.</p> <p>The City of Madison Police Department (MPD) has primary jurisdiction in all areas off campus in Madison. Other county, state and federal agencies also provide law enforcement services in the Madison area. MPD routinely works with UWPD, Office of Student Conduct and Community Standards (OSCCS), and Center for Leadership &amp; Involvement on any serious incidents occurring off campus when a UW–Madison student is involved.</p>
<b>The Office of Student Conduct &amp; Community</b>	The Office of Student Conduct & Community Standards (OSCCS), a department in Student Affairs, oversees the enforcement of the student conduct code ( <a href="#">UWS Chapter 17</a> ) for incidents both on campus and off

<p><b>Standards (OSCCS)</b></p>	<p>campus. OSCCS staff conduct investigations, determine violations and sanctions, and oversee the hearing process.</p> <p>OSCCS receives reports from faculty and staff, UWPD, MPD, University Housing, and other sources. Sanctions range from University Reprimand, University Probation, Suspension from the University, and Expulsion from the University. Students suspended or expelled from the university are subsequently suspended or expelled from all University of Wisconsin System institutions. Additionally, educational activities, skill building and motivational enhancement interventions, and assessment activities are typical responses to alcohol and drug violations. OSCCS staff work closely with University Housing staff who oversee enforcement of the conduct code for University Housing residents.</p>
<p><b>Center for Leadership and Involvement (CfLI)</b></p>	<p>CfLI, a department within Student Affairs, assists in setting expectations for policies for Registered Student Organizations (RSOs) and the subsequent efforts to enforce policies in conjunction with the Office of Student Conduct and Community Standards (OSCCS). CfLI staff work with student leaders to communicate expectations and train organization leaders.</p>
<p><b>Wisconsin Union</b></p>	<p>The Wisconsin Union sells alcohol beverages at both Memorial Union and Union South. UPWD is the primary responding law enforcement agency.</p> <p>Proof of age ID is required to purchase alcohol. Alcoholic beverages in the possession of minors will be confiscated. Scanners are used to validate authenticity of IDs. Fake IDs will be confiscated. No carry-in alcohol or other beverages are permitted. Patrons violating policy will be asked to leave. Patrons are asked to comply with Wisconsin Union's <a href="#">Patron Code of Conduct</a>.</p>
<p><b>University Housing</b></p>	<p>Residence Life staff are responsible for investigating violations of both Housing and University policies. They act as agents of the OSCCS in the disciplinary process for university policy violations unless the possible University sanction for the alleged misconduct is suspension or expulsion from the University. Residence Life staff make decisions about any sanctions that result from Housing Contract violations and make recommendations about initiating university disciplinary action for the OSCCS regarding violations of university policies.</p> <p>University Housing staff, often House Fellows, are expected to document any violations of University and Housing policies that they observe. Staff may ask residents to dispose of illegal or prohibited substances such as alcohol and intervene when a common source of alcohol is suspected to</p>

be in a resident's room. When confronted by a staff member for a possible policy violation, residents are expected to present a valid UW-Madison Wiscard for identification purposes, comply with reasonable requests of staff such as opening room door, presenting identification, turning down music, and helping to ensure the cooperation of guests, dispose of illegal or prohibited substances such as alcohol or marijuana as instructed by staff, and be honest with and respectful of the staff members responding. Failure to do so results in the involvement of UWPD. House Fellows confront rooms for cannabis odor and ask students to place any cannabis or paraphernalia in the middle of the room. If items are produced, the House Fellows will contact UWPD to dispose of those items.

The Residence Life professional staff will review documentation of policy violations, the impact of the behavior on the house/hall community, and each resident's degree of responsibility. The staff will conduct an investigation and may utilize a variety of methods including social networking, public information, police reports, witness statements and camera footage in determining how to respond. The responses may include a conversation with a member of the Residence Life staff to review the violation and related policies and/or a disciplinary hearing/meeting with professional Residence Life staff to determine which, if any, sanctions are warranted.

## Prevention Education

- **Purpose:** Build the knowledge, skills and attitudes of students to support healthy decision making

AlcoholEdu	
<p><b>Administered by:</b> UHS Prevention</p> <p>AlcoholEdu is an online course that educates students about the impacts of alcohol and provides them with the information to make healthy decisions. All incoming degree-seeking undergraduate students—including first-year and transfer students—must complete AlcoholEdu. The program consists of two parts, both of which must be completed. The course is accessible via Canvas.</p> <p><a href="#">Read more about AlcoholEdu.</a></p> <p><b>Future Opportunities:</b> Customize the program through use of UW–Madison specific videos.</p>	
Audience	Utilization
<p><i>All incoming degree seeking undergrad students</i></p>	<p><b>Course Completions</b></p> <ul style="list-style-type: none"> <li>• July 1–December 31, 2022:               <ul style="list-style-type: none"> <li>○ 9,008</li> </ul> </li> <li>• January 1–June 30, 2023:               <ul style="list-style-type: none"> <li>○ 378</li> </ul> </li> <li>• July 1–December 31, 2023:               <ul style="list-style-type: none"> <li>○ 9,097</li> </ul> </li> <li>• January 1–June 30, 2024:               <ul style="list-style-type: none"> <li>○ 386</li> </ul> </li> </ul>
Workshops and Presentations	
<p><b>Administered by:</b> UHS Prevention</p> <p>UHS provides educational alcohol workshops and presentations to partners across campus upon request. Partners can request a workshop/presentation through an online request form.</p>	
Audience	Utilization
<p><i>Students, faculty, and/or staff (RSOs, Athletic Trainers, etc.)</i></p>	<p>15 presentations reaching 817 individuals</p>

## Registered Student Organizations (RSO) Alcohol Training

**Administered by:** UHS Prevention and the Center for Leadership and Involvement (CfLI)

The Registered Student Organization (RSO) Alcohol Training provides content to help ensure the safety of RSO members. This is accomplished through focusing on the impacts of the UW–Madison alcohol culture, reducing risks, available resources, and UW–Madison policies related to alcohol, including the Registered Student Organization Alcohol Policy (SOAP). Developed and deployed in June 2023.

**Future Opportunities:**  
Evaluate desirability and feasibility of an RSO sanctions education course, and initiate course creation if indicated.

Audience	Utilization
Registered Student Organizations	Required completion by one member of each RSO each year <ul style="list-style-type: none"><li>• <i>June 2023 – June 2024:</i><ul style="list-style-type: none"><li>○ 1,285</li></ul></li></ul>

## Alcohol and Other Drug Communications

**Administered by:** UHS Marketing and Health Communications

Alcohol and Other Drug Communications are shared with students, targeting high-risk times of year and at-risk segments of the student population. Communication campaigns take a multimedia approach, including print, digital, social media, videos, environmental, and outreach communications—meeting students where they are.

Using a data-informed approach, safety, education, and harm reduction messages in recent years have targeted messages around Halloween and Homecoming in the fall semester and spring break and the Mifflin Block Party in the spring semester. Other recent campaigns have included alcohol harm reduction and promoting the “Social Zone” as a safer drinking practice; “No Nicotine November” for nicotine/tobacco cessation; cannabis safety; and overdose awareness.

Resources for parents are also provided, including a Parent Handbook shared during student orientation each year, which provides parents with conversation tips around having productive conversations around alcohol safety with their students.

**Future Opportunities:**

- Continue to expand the suite of overdose awareness and NARCAN® education resources on campus, including targeted communications to promote under-utilized NARCAN® boxes on campus.

- Promote tobacco/nicotine cessation through education on UHS and national cessation resources and provide student engagement activities, especially around nicotine products with high utilization among the student population, such as vapes and Zyn pods.
- Continue to expand partnerships across campus units to ensure unified messaging around alcohol and drug topics, including by university leadership.
- Solicit student feedback on alcohol and drug communications to ensure relevance and applicability—especially feedback from nondrinkers and students in recovery.

<b>Audience</b>	<b>Utilization and Evaluation</b>
Students, parents, campus partners	Communication campaigns are evaluated at the end of each semester using qualitative and quantitative measures, including: <ul style="list-style-type: none"> <li>• Page views</li> <li>• QR code scans</li> <li>• Social media engagement</li> <li>• Student feedback through focus groups and surveys</li> <li>• Knowledge, behavior, and attitudinal data from first-year required education courses</li> <li>• Service utilization</li> <li>• Event attendance</li> </ul>

## Early Intervention

- **Purpose:** Reduce immediate impact of harm that has already occurred

### AOD Clinical Services: Mental Health/Counseling

**Administered by:** UHS Mental Health

Students are referred to clinical substance use-focused mental health counseling based on risk identified during their Access Appointment and/or a student’s request to meet with a specialist.

The initial counseling appointment lasts 1 hour and is focused on developing a rapport, gathering information, and setting goals for ongoing treatment. Follow-up appointments are 1 hour in length and are typically 2-4 weeks apart depending on client needs. The focus of appointments is treating mental health concerns as well as concerns related to substance use.

Services are provided by two focus counselors with training in mental health and substance use disorder treatment. Some students with substance use disorder diagnoses may be triaged to other mental health providers, including generalists and other focused providers (e.g. Survivor Services, eating disorder providers, identity-focused providers, etc.)

Providers strive to “meet clients where they are at” and attend to both substance use concerns and concurrent mental health concerns. Approaches are tailored to student needs with goals set early in treatment and reviewed periodically. Referrals are made to additional supportive services on-campus and in the community when appropriate.

[Read more about AOD Mental Health Counseling.](#)

#### Future Opportunities:

- Develop and provide additional substance use focused groups and workshops.
- Partner with MHS Outreach team and UHS Prevention to expand campus-based/outreach programming.
- Hire additional substance use focused providers to meet increasing demand for individual services, add additional groups and workshops, and expand campus-based/outreach programming opportunities.

Audience	Utilization*
All eligible UW students who seek Mental Health and AODA treatment	<ul style="list-style-type: none"> <li>• July 1–December 31, 2022:               <ul style="list-style-type: none"> <li>○ 76 unique clients receiving individual substance use focused/dual diagnosis services during 161 appointments</li> </ul> </li> </ul>

- 6 group members, 23 check-ins
- *January 1–June 30, 2023:*
  - 92 unique clients during 188 appointments
  - 4 group members, 20 check-ins
- *July 1–December 31, 2023:*
  - 95 unique clients during 305 appointments
  - 4 group members, 17 check-ins
- *January 1–June 30, 2024:*
  - 107 unique clients during 344 appointments
  - 4 group members, 16 check-ins

## AOD Clinical Services: Psychiatry

**Administered by:** UHS Mental Health

UHS provides Mental Health and Psychiatry services for students experiencing substance misuse concerns. UHS has three MDs/DOs, two APNPs, and two psychiatric RNs on staff to support patients.

For AOD concerns, students are triaged to AOD-specific providers and services through UHS’s Access Appointment intake process. Patients complete a one-hour individual intake appointment and 30-minute follow-up appointments. Visits focus on both medication management and brief therapy, and referrals to collaborating providers (counselors, Badger Recovery, group therapy, community providers) as needed.

[Read more about AOD Psychiatric Clinical Services.](#)

### Future Opportunities:

- Building on current successes, UHS will continue to provide specialty-specific care, especially for students who do not have insurance or have access to community providers.
- In the future, UHS would like to increase access to long-acting medications (such as IM naltrexone or SQ buprenorphine), as well as point of care urine drug screening.

Audience	Utilization
All eligible UW students who seek Mental Health and AODA treatment	<ul style="list-style-type: none"> <li>● <i>July 1–December 31, 2022:</i> <ul style="list-style-type: none"> <li>○ 108 total visits   49 unique student visits</li> </ul> </li> <li>● <i>January 1–June 30, 2023:</i> <ul style="list-style-type: none"> <li>○ 153 total visits   57 unique student visits</li> </ul> </li> <li>● <i>July 1–December 31, 2023:</i> <ul style="list-style-type: none"> <li>○ 126 total visits   39 unique student visits</li> </ul> </li> </ul>

	<ul style="list-style-type: none"> <li>• <i>January 1–June 30, 2024:</i> <ul style="list-style-type: none"> <li>○ 143 total visits   41 unique student visits</li> </ul> </li> </ul> <p>Numbers include number of students who were evaluated by Psych Services prescribers and had diagnoses of captured by substance use disorders and by diagnoses captured by “tobacco, stimulant, alcohol, cannabis, hallucinogen and benzodiazepine” criteria in Point and Click.</p>
--	---

**AOD Clinical Services: Medical – SBIRT (Screening, Brief Intervention, Referral to Treatment)**

*Administered by: UHS Medical Services (Primary Care and Gynecology)*

In the UHS Medical Clinic, the AUDIT-C questionnaire is included as part of the check in process every 90 days. Providers can also choose to send it to students at a more frequent cadence if needed. Scores higher than 8 result in outreach from the behavioral health care manager.

**Future Opportunities:**  
SBIRT manager to help with follow-up, reporting, and program evaluation.

<b>Audience</b>	<b>Utilization</b>
Students attending a medical appointment at UHS	<ul style="list-style-type: none"> <li>• <i>July 1, 2022 –June 30, 2023:</i> Total screen in Medical Services: 13,300 <ul style="list-style-type: none"> <li>○ Qualifying Score (&lt;= 6): 1139 (8.6%)</li> <li>○ Risky Score (7-8):1,066 (8%)</li> <li>○ Harmful Score (9-20): 70 (.5%)</li> </ul> </li> <li>• <i>July 1, 2023–June 30, 2024:</i> Total screen in Medical Services: 14,019 <ul style="list-style-type: none"> <li>○ Qualifying Score (&lt;= 6): 1101 (7.8%)</li> <li>○ Risky Score (7-8): 1,021 (7.3%)</li> <li>○ Harmful Score (9-20): 77 (.5%)</li> </ul> </li> </ul>

**CHOICES About Alcohol / BASICS / CASICS / CASICS+**

*Administered by: Mental Health Services providers, including Health Educator and Counselors*

CHOICES About Alcohol is a brief alcohol harm prevention program for college students, delivered using Interactive Journaling® to present accurate information about alcohol while engaging students in a self-reflective process and group discussion. Students are given the freedom and encouragement to independently choose to change high-risk drinking behaviors by

evaluating the risks associated with excessive use of alcohol using harm reduction coping strategies presented during the program.

Students register online to participate in the course. CHOICES is completed virtually via Zoom; BASICS/CASICS/CASICS+ can be completed either virtually via Zoom or in-person.

[Read more about CHOICES About Alcohol and BASICS/CASICS/CASICS+.](#)

**Future Opportunities:**

- Include recent UW Madison data, build a UW Madison version of CHOICES.
- More facilitators in fall semester due to the high number of students.
- Develop evaluation plan or evaluation support.

Audience	Utilization
<p><i>Students found by the Office of Student Conduct and Community Standards (OSCCS) to be in violation of the campus policies related to alcohol and/or cannabis</i></p>	<p><b>CHOICES:</b></p> <ul style="list-style-type: none"> <li>• <i>July 1–December 31, 2022:</i> <ul style="list-style-type: none"> <li>○ 56</li> </ul> </li> <li>• <i>January 1–June 30, 2023:</i> <ul style="list-style-type: none"> <li>○ 58</li> </ul> </li> <li>• <i>July 1–December 31, 2023:</i> <ul style="list-style-type: none"> <li>○ 121</li> </ul> </li> <li>• <i>January 1–June 30, 2024:</i> <ul style="list-style-type: none"> <li>○ 57</li> </ul> </li> </ul> <p><b>BASICS/CASICS/CASICS+:</b></p> <ul style="list-style-type: none"> <li>• <i>January 1–June 30, 2023:</i> <ul style="list-style-type: none"> <li>○ 27</li> </ul> </li> <li>• <i>July 1–December 31, 2023:</i> <ul style="list-style-type: none"> <li>○ 36</li> </ul> </li> <li>• <i>January 1–June 30, 2024:</i> <ul style="list-style-type: none"> <li>○ 27</li> </ul> </li> </ul>

**No Nicotine November and Quit Kit Distribution**

**Administered by:** UHS Prevention

UHS conducted a widespread outreach and education campaign during November 2023 in support of “No Nicotine November,” including a multimedia communication campaign and pop-up outreach events featuring cessation information and resources, including “quit kits” with non-medication cessation tools (like fidgets, candy, and flavored toothpicks).

<b>Future Opportunities:</b> <ul style="list-style-type: none"> <li>• Pursue the opportunity to become a tobacco free campus.</li> <li>• Offer online direct booking in MyUHS for cessation.</li> </ul>	
Audience	Utilization
<i>Students who use tobacco and/or nicotine</i>	<b>Outreach</b> <ul style="list-style-type: none"> <li>• In November 2023, nearly 300 quit kits were distributed at 8 events.</li> </ul> <b>Cessation Support</b> <ul style="list-style-type: none"> <li>• <i>July 1–December 31, 2022:</i> <ul style="list-style-type: none"> <li>○ 4 students for 10 appointments</li> </ul> </li> <li>• <i>January 1–June 30, 2023:</i> <ul style="list-style-type: none"> <li>○ 7 students for 9 appointments</li> </ul> </li> <li>• <i>July 1–December 31, 2023:</i> <ul style="list-style-type: none"> <li>○ 6 students for 11 appointments</li> </ul> </li> <li>• <i>January 1–June 30, 2024:</i> <ul style="list-style-type: none"> <li>○ 3 students for 11 appointments</li> </ul> </li> </ul>

## Recovery Support

- **Purpose:** Support healing and build community among students who do not participate in high-risk drinking culture

Badger Recovery	
<p><b>Administered by:</b> UHS Prevention</p> <p>Badger Recovery is a program for students in or considering recovery from substance use. We understand recovery is individually defined, and we value the diverse experiences of our members and their personal goals. Badger Recovery helps create a community where students can access resources and support through a variety of meetings, events, and services.</p> <p><a href="#">Read more about Badger Recovery.</a></p> <p><b>Future Opportunities:</b></p> <ul style="list-style-type: none"><li>• Hire permanent, full-time staff</li><li>• Hold trauma-informed training for facilitators</li><li>• Develop a policy manual and strong marketing plan so the organization can continue to grow</li><li>• Acquire a space to host meetings, community time, and events</li></ul>	
Audience	Utilization
<i>Students in recovery from alcohol and/or drugs</i>	Utilization is defined as number of participations (non-unique). <ul style="list-style-type: none"><li>• July 1–December 31, 2022:<ul style="list-style-type: none"><li>○ 107</li></ul></li><li>• January 1–June 30, 2023:<ul style="list-style-type: none"><li>○ 208</li></ul></li><li>• July 1–December 31, 2023:<ul style="list-style-type: none"><li>○ 176</li></ul></li><li>• January 1–June 30, 2024:<ul style="list-style-type: none"><li>○ 188</li></ul></li></ul>

## CAMPUS DATA REVIEW

### Compliance-Related Outcomes

To inform our AOD program efforts, compliance-related information is requested each January (due in February) for the previous 6-month period (July–December). A second data compliance related data request is made in July (due in August) for the previous 6-month period (January–June).

Data are requested from the following agencies. [View a full report of compliance-related outcomes.](#)

Agency	Data Included
<b>UW–Madison Police Department</b>	<ul style="list-style-type: none"><li>• Alcohol-related citations</li><li>• Drug citations</li><li>• Criminal damage to residence halls</li><li>• Other crimes with alcohol involvement</li><li>• Detox/hospital transports</li><li>• Amnesty Through Responsible Action</li><li>• Preliminary Breath Test (PBT)</li></ul>
<b>Office of Student Conduct and Community Standards</b>	<ul style="list-style-type: none"><li>• Alcohol incidents (on and off campus), location, and responding unit</li><li>• Drug incidents</li><li>• Alcohol-involved other infractions</li><li>• Preliminary Breath Test (PBT)</li></ul>
<b>University Housing and Residence Life</b>	<ul style="list-style-type: none"><li>• Alcohol incidents (including detox, evaluations, and written reprimands)</li><li>• Housing contract consequences</li><li>• Warnings (verbal and written)</li><li>• Academic impacts</li><li>• Sanctions (educational and clinical)</li></ul>

<p><b>Student Organizations</b></p>	<ul style="list-style-type: none"> <li>• Policy noncompliance</li> <li>• Detox/hospital transports</li> <li>• RSO Amnesty Through Responsible Action</li> <li>• Educational sanctions</li> <li>• Probation and suspension</li> </ul>
<p><b>Employee Data (Employee Assistance Program and Office of Human Resources)</b></p>	<ul style="list-style-type: none"> <li>• Assessments</li> <li>• Referrals to treatment and resources</li> <li>• Workforce relations</li> </ul>

**Population Health Data**

During the 2022-24 biennium two population health surveys were administered by UW–Madison. Population health data are also collected through our first-year alcohol education online course, AlcoholEdu.

**Color of Drinking Survey (2023)**

The Color of Drinking is an exploratory study that examines the direct and indirect impacts of alcohol culture on our undergraduate students, especially students of color.

- [Read more about the Color of Drinking Survey and view a summary of key findings.](#)

**NCHA (2024)**

The National College Health Assessment (NCHA) is a nationally recognized research survey that can assist you in collecting precise data on a wide range of health and wellness issues that impact our student population and affect their academic performance.

- [Read more about the NCHA survey.](#)
- [View a summary of key findings.](#)

## **AlcoholEdu**

In addition to these data we receive from population health assessments, we also receive data from the first-year alcohol education course, AlcoholEdu. This program was administered to all incoming first-year and new transfer students in fall 2022, spring 2023, fall 2023, and spring 2024.

- [View a summary of key findings.](#)

# EVALUATION OF PREVIOUS BIENNIUM

## Review of 2022–2024 Program and Policy Recommendations

The following is a review of the goals identified in the previous Biennial Review for the period of July 1, 2022, through June 30, 2024 biennium. These goals address individual, institutional, and community strategies for alcohol and other drug prevention efforts.

Alcohol and other drug prevention work requires continuous, long-term effort, and progress is gradual. While some goals from the previous biennium have been completed, most work is considered ongoing and will be carried through to strategic planning for the next biennium. We will continue to update our strategies for accomplishing these goals based on campus data, best practices, and institutional priorities.

An overview of progress toward each goal is provided below. Progress toward these goals is ongoing and will be carried through to the next biennium. For an overview of goals proposed for 2024 through 2026, please see the [Goals and Recommendations for the Next Biennium](#) included in this report.

### Individual-Level Strategies

Strategy	Status and Notes
Reimagine and establish CHOICES/BASICS (mandated program for alcohol violations) as an internal UW–Madison program.	<b>Accomplished</b>
Conduct routine trainings with interested campus staff, including advisors, faculty, UWPD, and other student life units, on alcohol screening and use of motivational interviewing techniques to address alcohol misuse.	<b>Ongoing</b>  Held several workshops that addressed harm reduction, intersectionality, resources, campus climate, and real-life application to several student and staff groups.

## Institutional-Level Strategies

Strategy	Status
Collect additional data to assess gaps	
Regular alcohol and other drug use surveys for students after first year	<p><b>Accomplished</b></p> <p>NCHA survey administered every three years; most recently in Spring 2024.</p>
Identify metrics for strategic planning and add to existing surveys	<p><b>Accomplished</b></p>
Assess environmental measures such as residence hall data or detox place of last drink	<p><b>Ongoing</b></p> <p>Consultation with Residence Life ongoing.</p>
Survey parents to assess expectations and better develop targets for future education and information campaigns	<p><b>Ongoing</b></p> <p>Continue partnership with Parent and Family Program.</p>
Review data and develop a communication plan for how UHS prevention discusses the intersection of data around sexual violence, mental health, and alcohol and other drug use.	<p><b>Ongoing</b></p>
Develop campus messages about the intersection of health data around sexual violence, mental health, and alcohol and other drug use	<p><b>Ongoing</b></p>
Review drug data and mortality data	<p><b>Not accomplished</b></p> <p>Task for leadership and coordinating councils.</p>
Continue to support the growth of the collegiate recovery community at UW–Madison through Badger Recovery Program.	<p><b>Ongoing</b></p>

	Increased from one project assistant (PA) in 2022–2023 to two PAs in 2023–2024.
Reduce the number of students adopting high-risk drinking patterns during the first six weeks of the academic year through education, programming, messaging, and enhanced police presence during this period.	<b>Accomplished</b>  Police have a strong presence in the first 6 weeks. UHS information posted in Residence Halls.
Engage faculty and staff in their roles to address alcohol issues and the promotion of healthy/responsible alcohol use. Consider alcohol’s role in the faculty toolkit.	<b>Ongoing</b>
Conduct an institutional review of all campus units serving alcohol on a periodic basis.	<b>In progress</b>  Campus alcohol policy review planned for Spring 2025.
Update and implement a revised UW–Madison Tobacco-Free Policy & Responsible Beverage Service Policy	<b>In progress</b>
Consider integrated ways to interact with campus staff and faculty around multiple health topics.	<b>In progress</b>

### Community-Level Strategies

Strategy	Status
Develop a more targeted environmental approach to problematic neighborhoods such as Langdon Street through engagement with residents, fraternity and sorority leaders, and other partners on these efforts.	<b>Not accomplished</b>
Convene a community council including key civic and business leaders and representatives from Edgewood and Madison College to advance indicated practices, policies, ordinances within the Madison community. Specific goals include: <ul style="list-style-type: none"> <li>• Creation and enforcement of ordinances requiring property owner accountability for “house parties.”</li> </ul>	<b>Not accomplished</b>

<ul style="list-style-type: none"> <li>• Increased enforcement and accountability of alcohol retailers in campus area.</li> <li>• Better communication of ongoing UW–Madison alcohol prevention and response efforts.</li> </ul>	
<p>Engage with local task forces and government through the UW–Madison representation on the Alcohol License Review Committee (ALRC) regarding proposed revisions to the Alcohol Licensing Density Ordinance.</p>	<b>Ongoing</b>
<p>Enhanced enforcement of the minimum legal drinking age through effective use of strategies such as license requirements for best practices such as mandatory use of ID scanners, bouncer incentives for fake IDs, and sober server ordinances.</p> <ul style="list-style-type: none"> <li>• Develop a consistent mechanism for UW–Madison ALRC representative to receive reports of problematic servers through Alcohol Policy Group members, such as UWPD and Student Affairs.</li> </ul>	<b>Ongoing</b>
<p>Improve collaboration with Madison Police Department and judicial system. Specific goals include:</p> <ul style="list-style-type: none"> <li>• Clarify citation and court process with district and municipal courts to ensure uniform enforcement of citations and application of educational interventions.</li> <li>• Reach agreement on increased data sharing regarding drug/alcohol citations and detox transports of UW–Madison students.</li> <li>• Increased issuance and prosecution of fake identification citations.</li> </ul>	<b>Not accomplished</b>

## GOALS AND RECOMMENDATIONS FOR NEXT BIENNIUM

Below is an overview of UW–Madison’s Strategic Plan for High-Risk Drinking Prevention for the next biennium.

### Goal

Our key goal is to reduce alcohol-related individual and community harms.

### Metrics

The High-Risk Drinking Prevention Coordinating Council, in conjunction with the High-Risk Drinking Prevention Leadership Council has identified several metrics to track progress on our plan. These metrics are based on responses to three questions in the 2024 National College Health Assessment (NCHA) outlined below. Success based on these metrics would include a reduction in UW–Madison’s responses to these questions to rates at or below the national average.

<b>Over the last two weeks, have you had five or more drinks (males) or four or more drinks (female) containing any kind of alcohol at a sitting?</b>		
	<b>UW–Madison</b>	<b>National</b>
Undergrad	37%	23%
Grad/Prof	22%	16%

<b>When, if ever, was the last time you drank alcohol?</b> <i>% respondents answering "within the last two weeks"</i>		
	<b>UW–Madison</b>	<b>National</b>
Undergrad	58%	42%
Grad/Prof	64%	53%

<b>Intention amongst drinkers who drank in the last 3 months</b> <i>% respondents answering "intention to get drunk"</i>		
	<b>UW–Madison</b>	<b>National</b>
Undergrad	53%	42%
Grad/Prof	19%	22%

## Strategies

Strategies	Priorities and Tactics
<p><b>Strategy 1:</b>  <b>Environmental Management</b>  <i>Making the campus environment less conducive to high-risk drinking</i></p>	<p><b>Priority 1.1:</b> Identify, develop, and promote intentional ways to connect students who choose not to drink, particularly in the residence halls</p> <ul style="list-style-type: none"> <li>• <b>Tactic 1.1a:</b> Evaluate and improve future house fellow training opportunities</li> <li>• <b>Tactic 1.1b:</b> Establish Residence Life room matching for sober living</li> <li>• <b>Tactic 1.1c:</b> Continued support and funding for Wisconsin Late Night</li> </ul> <p><b>Priority 1.2:</b> Empower students to champion Environmental Management work</p> <ul style="list-style-type: none"> <li>• <b>Tactic 1.2a:</b> Partner with ASM Color of Drinking Taskforce to explore student-led interventions</li> <li>• <b>Tactic 1.2b:</b> Regular training for FSL leaders on policies, systems, and environments (PSE) work</li> </ul> <p><b>Priority 1.3:</b> Partner with City of Madison Involvement to address high-risk alcohol use</p> <ul style="list-style-type: none"> <li>• <b>Tactic 1.3a:</b> University Representation on ALRC</li> </ul>
<p><b>Strategy 2:</b>  <b>Policy and Enforcement</b>  <i>Setting norms for desired behaviors and addressing undesirable behavior</i></p>	<p><b>Priority 2.1:</b> Decide on accountability metrics to track on a bi-yearly basis.</p> <ul style="list-style-type: none"> <li>• <b>Tactic 2.1a:</b> Meet with partners to identify available data sets and decide on metrics to collect.</li> <li>• <b>Tactic 2.1b:</b> Set up system for collecting data twice a year through the biennial review process.</li> <li>• <b>Tactic 2.1c:</b> Set up data dashboard to easily track compliance data.</li> </ul> <p><b>Priority 2.2:</b> Strong population health data to improve high-risk drinking prevention efforts</p> <ul style="list-style-type: none"> <li>• <b>Tactic 2.2a:</b> Incentivize students to complete UHS population health surveys</li> <li>• <b>Tactics 2.2b:</b> Identify gaps in data and develop custom questions</li> <li>• <b>Tactic 2.2c:</b> Strong dissemination plan for population health data including tracking on strategic metrics</li> </ul>

<p><b>Strategy 3:</b>  <b>Prevention Education</b>  <i>Build the knowledge, skills and attitudes of students to support healthy decision making</i></p>	<p><b>Priority 3.1: Harm Reduction</b></p> <ul style="list-style-type: none"> <li>• <b>Tactic 3.1a:</b> Campaigns and educational programs around reducing individual and community risk</li> <li>• <b>Tactic 3.1b:</b> Events, tabling, and promotional items to promote the Social Zone Video Education and Campaign</li> <li>• <b>Tactic 3.1c:</b> Social Zone Video Education and Campaign</li> </ul> <p><b>Priority 3.2: Campus support for non-drinkers</b></p> <ul style="list-style-type: none"> <li>• <b>Tactic 3.2a:</b> Collect information from non-drinkers through focus groups and surveys to identify how they would like to be supported on campus</li> <li>• <b>Tactic 3.2b:</b> Strong messages that include non-drinkers</li> </ul>
<p><b>Strategy 4:</b>  <b>Early Intervention</b>  <i>Reduce immediate impact of harm that has already occurred</i></p>	<p><b>Priority 4.1: Educational Sanctions</b></p> <ul style="list-style-type: none"> <li>• <b>Tactic 4.1a:</b> Evaluate CHOICES, BASICS, and CASICS programs for effectiveness</li> <li>• <b>Tactic 4.1b:</b> Evaluate RSO sanction opportunities</li> </ul> <p><b>Priority 4.2: Educate student employees on policies, enforcement, and job expectations related to student alcohol use</b></p> <ul style="list-style-type: none"> <li>• <b>Tactic 4.2a:</b> House Fellow Training</li> </ul> <p><b>Priority 4.3: Collect, analyze, and utilize sanction data</b></p> <ul style="list-style-type: none"> <li>• <b>Tactic 4.3a:</b> Review weekly Camp Randall reports</li> </ul>
<p><b>Strategy 5:</b>  <b>Recovery Support</b>  <i>Support healing and build community among students who do not participate in high-risk drinking culture</i></p>	<p><b>Priority 5.1: Further Develop and advocate for the Badger Recovery Community</b></p> <ul style="list-style-type: none"> <li>• <b>Tactic 5.1a:</b> Advocate for recovery lounge space on campus for meetings, events, and community engagement</li> <li>• <b>Tactic 5.1b:</b> Develop policies and procedures manual</li> <li>• <b>Tactic 5.1c:</b> Continue to strive for a trauma informed practice</li> <li>• <b>Tactic 5.1d:</b> Cultivate donor relationships and grow donor opportunities</li> </ul>
